

VP Racing and Michelin Raceway Road Atlanta Hurricane Relief Update

San Antonio, TX (October 16, 2024) – VP Racing Fuels, Inc., the global leader in performance fuels, lubricants, and additives, and Michelin Raceway Road Atlanta provided an update today on their hurricane relief programs from this past weekend during Petit Le Mans. Amidst the excitement of IMSA's world-class racing and the dedication of the world's largest VP Mad Scientist® bobblehead, generous fans of racing came through for hurricane victims in need.

"Last week, VP Racing and its employees began delivering our much-needed small engine fuel and containers to first responders and victims of the hurricanes that have ravaged so many," said Alan Cerwick, President & CEO of VP Racing. "Working with Samaritan's Purse®, we increased our efforts over the weekend, collecting money donations for the humanitarian organization's relief effort outreach at Michelin Raceway and online, and we will continue."
